## Logo

Mark on light

Mark on dark

Horizontal lockup

Clear space: keep padding equal to the chevron's height on all sides.

Minimum size: 24px tall for digital use. Never stretch, rotate, or recolor the mark outside approved palette.

## Color palette

**Charcoal**

#1C1C1E

**Slate**

#3A3A3D

**Coral**

#E8553A

**Ivory**

#F7F4EF

**Gray**

#8A8A8E

Rule: coral is a spotlight, not a wash. Use it for one focal element per layout -- never as a large background fill.

## Typography

### Headings -- Helvetica / Inter Bold

Body text -- Helvetica / Inter Regular, set in slate or charcoal on ivory backgrounds.

*Captions & labels -- Helvetica Light Italic, gray, sentence case throughout.*

## Voice & tone

- Confident, direct, evidence-led -- every claim backed by a documented result.
- No hype or jargon-stacking. Write like a senior strategist briefing a CMO.
- Selective by design -- the brand voice should reflect a deliberately small client roster, not a volume agency.
